SUMMARY

A dedicated and result-driven fifth-semester Computer Science student at BINUS University specializing in Software Engineering and AI (Machine Learning and Deep Learning pipelines). Skilled in full-stack software development and system architectures to build scalable applications in complex digital challenges through tailored technical solutions. Blends academic excellence with a strong foundation built 2+ years practical engagement in leading teams in Ureeka BINUS and AIESEC in BINUS with project management, conflict mediation, analytical thinking, problem solving, and communication skills. Proficient in 10+ coding languages, UI/UX design, AI tools for research and analysis, Microsoft Suite, Canva, and Google Suite. Adaptable, growth-oriented professional who thrives on new challenges and delivers meaningful impact in any team or environment.

SKILLS AND TOOLS

Software Development and Architecture

Full-stack Web Development (React.js, PHP, Laravel, HTML, CSS, JavaScript, Golang, Flutter, FastAPI), SDLC, System Architecture Design, Web Technologies, C, Firebase, Supabase, NGINX, Postman, DataGrip, AWS

Data Analytics and Visualization

SQL (PostgreSQL/MySQL), Tableau, Python (Pandas, Numpy, Matplotlib, Seaborn), Excel, Google Spreadsheets

AI and Machine Learning

RAG, Deep Learning (Tensorflow), Python (PyTorch, Scikit-Learn, OpenCV, Hugging Face), n8n automation

Soft Skills

Managerial Skills and Leadership, Communication, Problem-solving, Research, Entrepreneurship and Innovation, Finance, Strategic Planning, Resource Allocation, Notion, Business Process Modeling

UI/UX and Design

Figma, User Interface Design (Mobile, Tablet, and Desktop), Canva

Languages

English (IELTS Band 8), Indonesian (Native), and Mandarin

WORK EXPERIENCE

Genius Growth AI Full Stack Web and Mobile Developer Intern (July 2026 - Present)

- Developed 100Chinese mobile application (Flutter, Golang, Firebase, NGINX, Figma, n8n AI automation)
- Optimized SEO and performance for 100English mobile application in Google Play Store (5,000+ users).

PROJECT EXPERIENCE

Wharf AI Cloud Systems and Integration Engineer (Sept 2026 - Present)

- Architected and deployed a multi-agent FMCG inventory control tower on AWS (CloudFront, S3, ECS Fargate, EC2)
- Integrated the backend with RDS PostgreSQL, and DynamoDB, secured with Cognito and IAM
- Automated expiry-risk scans and approval alerts with EventBridge, SNS, and CloudWatch
- Finalist in Sokrates BINUS Agentic AI Hackathon (sponsored by AWS, SAP, and APP).

Deepfake Detection Pipeline AI Researcher (Feb 2026 - Present)

- Developed a hybrid pipeline with 2D-DFT spectral features, benchmarking EfficientNet-B0, ResNet18, and MobileNetV3 backbones.
- Compared ML and DL classifier heads on 120,000 face images and reaching 92.97% accuracy with Random Forest and 93.32% with an MLP.

Photoboothique Full Stack Web Developer and Project Manager (Feb 2026 - June 2026)

- Led end-to-end development of a high-performance photobooth app using Laravel (PHP).
- Managed full SDLC, from requirement gathering and database schema design to final deployment.
- Built backend services and responsive frontend interfaces to support core application functionality and deliver a consistent user experience.

Carbonis Project Manager and Web Developer (April 2026 - June 2026)

- Led end-to-end React.js & Golang development of carbon credit platform monetizing organic waste emission savings.
- Architected scalable system design and franchise logic tailored for industrial-scale adoption.
- Managed team allocation & deployment, securing the BRICS IIC 2026 Innovation Award.

ORGANIZATIONAL EXPERIENCE

Vice President of Ureeka BINUS (Feb 2026 - Present)

- Lead strategic operations of 5 divisions (Training & Course, HR, Marketing, Partnership, and Web Development) to ensure consistent execution of initiatives and boost engagement among 30+ members.
- Collaborated with university faculty and lecturers to organize 10+ technical training programs, technology competitions, and academic workshops.

Hackathon Participant in Ureeka BINUS (Feb 2025 - Feb 2026)

- Competed in 10+ business and technology competitions, gaining mentorship in mobile development, AI and IoT.
- Recognized as a Top 10 finalist in Samsung Solve for Tomorrow 2025, selected from all national competitors.
- Collaborated with cross-functional teams to develop 10+ prototypes addressing specific competition challenges and pitch the solutions to judges.

Project Controller Staff in AIESEC in BINUS (Feb 2025 - Jan 2026)

- Tracked and monitored 10+ concurrent projects, ensuring compliance with AIESEC and BINUS policies.
- Led end-to-end planning and execution for 10+ initiatives (e.g. Global Village, Local Conference, YCC, IGV)
- Collaborated with Executive Boards to optimize timelines, resources, and project outcomes.

Organizing Committee Vice President of Finance in Youth Today x Join AIESEC (July 2025 - Oct 2025)

- Developed and executed budget plans, monitored expenses, and ensured cost efficiency.
- Oversaw financial communications, processed 800+ invoices in one month, and improved operational workflows.
- Trained Finance teams and other divisions on financial procedures and delegated responsibilities effectively.
- Produced accurate financial reports and maintained audit-ready documentation.

Organizing Committee Vice President of Finance in Incoming Global Volunteer (Mar 2025 - Aug 2025)

- Designed and managed budgets in line with AIESEC Indonesia’s 70/30 financial framework.
- Controlled spending, managed reimbursements, and verified transactions to maintain financial accuracy, processing 30+ transactions.
- Trained Finance teams and collaborated with other divisions to ensure smooth financial operations.
- Compiled comprehensive financial reports and prepared documentation for audits.

EDUCATION

Bina Nusantara University (2024 Present)
Bachelor of Computer Science, Cumulative GPA: 3.97

Saint John’s School Meruya (2021 - 2024)
Senior High School, Science Stream, Final Grade: 95.61

CERTIFICATIONS & COURSES

AWS Certified Cloud Practitioner	2026
Oracle Cloud Infrastructure 2025 Certified Foundations Associate	2025
IBM Course Data Classification and Summarization Using IBM Granite”	2025
Coursera “Google Analytics Professional Certificate”	2025
Deloitte “Data Analytics Job Simulation”	2025
NVIDIA “Fundamentals of Deep Learning”	2025
HackerRank “Problem Solving Basic Certificate”	2025
IELTS - Achieved an overall grade of band 8	2023

HONORS & AWARDS

[2026] Finalist Binus Sokrates Agentic AI Competition	[2025] Dean’s List Award Certificate
[2026] Finalist Compfest BizzIT Competition	[2025] Finalist Samsung Solve for Tomorrow 2025
[2026] Innovation Award BRICS IIC 2026	[2024] Finalist UI / UX Competition

ACTIVITIES

Leadership and Volunteering Experience
Incoming Global Volunteer Summer Peak AIESEC in BINUS 2025 | Teacher Volunteer in Saint John’s School Meruya 2024 | Keyboardist at Church Mass 2024 | Kemah Budaya Atsanti Participant 2023 | Event Speaker (MC) in Cettiya Pannashika 2021
